CSE305 Concurrent Programming: N-Body simulation project

Martin Lau, Oscar Peyron, Ziyue Qiu

May 17, 2025

1 Introduction

(add an abstract here about our project - what it is, what we're trying to achieve)

Code & Repository breakdown → Explain all the different files inside the document

2 Core components

2.1 Main elements

2.2 Visualization code

3 Naive algorithm

4 Particle Mesh based algorithm

5 Barnes Hutt algorithm
